

# Heart Healthy DIET GUIDELINES | AMERICAN HEART ASSOCIATION

By providing good nutrition and supporting a healthy weight, Seattle Sutton's Healthy Eating program is ideal for improving your heart health! We strictly follow the guidelines from the American Heart Association as well as the Dietary Guidelines for Americans and the basic principles of the Mediterranean Diet and DASH Diet.

Each of our meal plans are designed to provide you with a balanced diet with the recommended daily amount of nutrients - at the calorie level you need to reach your health goals. Each program meets or exceeds the guidelines set forth by the American Heart Association.
